PRESS RELEASE

## TRADEBE Ranks High on ENR's 2016 List of Top 200 Environmental Firms

TRADEBE has been recognized for the first time among the Top 200 Environmental Firms for 2016, a respected annual ranking of key firms in the global environmental marketplace published by Engineering News-Record (ENR), the leading business and project publication and website covering the worldwide architecture, engineering and construction industry.

ENR has ranked TRADEBE at **No. 27 based on total global revenue in environmental services**, and also at **No. 9 among the Top 10 firms in the hazardous waste management and remediation category**. As the largest new entrant on the Top 200, **TRADEBE also was featured in a company close-up article** in the publication. For more information on ENR "Top Lists", please visit <http://www.enr.com/toplists>.

*"TRADEBE's inclusion in this year's ENR rankings is a reflection of our ongoing commitment to be one of the premier leaders in sustainable waste management,"* says Jeff Beswick, executive vice president of sales & service. *"Commitment to our clients' sustainability goals, the unique recycling technologies we offer, and our highly trained, experienced, and service-driven staff are directly responsible for the growth we've achieved. TRADEBE is well positioned to take on an increasingly larger role in tomorrow's environmental marketplace."*

**TRADEBE is one of the largest global companies in the environmental sector** serving various markets including industrial, manufacturing, petrochemical, pharmaceutical, oil & gas and more. As a global business dedicated to sustainable waste management, we seek the greenest waste solutions possible with a **priority on recycling and recovery**. **We recycle over 60% of the waste we process.**

In the United States, TRADEBE's **network of facilities** includes fully permitted TSDFs and regional 10-day service centers positioned throughout the country. We maintain a **fully permitted transportation fleet** operating throughout this network to service our clients' diverse transport requirements.

Many of our clients are also operating global businesses and choose TRADEBE as their **preferred supplier** for one simple reason – to achieve corporate sustainability initiatives while improving the bottom line through cost reductions at the local level. Our **Total Waste Management service model**, including our specialized Corporate Account Management, allows our clients to focus on their core business while TRADEBE advances their EH&S programs.

For more information on how TRADEBE can assist you with your goals of sustainable waste recycling, please call us at **(800) 388-7242 Nationwide** or at **(888) 276-0887 in the Northeast**.
